

Marcus Bradley Beninson

Died Age 29

Heroin

Marcus, our son and brother, died of a heroin overdose on June 4, 1999.

Last time Marcus was home was for his sister's 21st birthday. They were 9 years apart and he was her hero. This picture is his high school graduation; the balloon said "I love you" and Shay held it then and at his wake and funeral.

His spirit was great and lives on in our hearts.
