

Brian Burke

Died Age 23

Drug Overdose

I am the mom of Brian Burke who lost his life to a drug overdose on October 9, 2005.

Brian was a loving son, brother, grandson, nephew, cousin, and friend to all who knew him.

So many unanswered questions...if only we had one more chance to hug and kiss him and tell him just how special he was. I know in my heart he knew how much he was loved. I took care of him for 23 short years and I know that God is taking care of him now.
